

## TEACHERS

### Q: HOW DO I HELP STUDENTS WHO ASK ME CAREERS RELATED QUESTIONS?

A. Young people have a wide range of choices available to them and they are likely to ask staff for information and advice about future options and opportunities.

Staff may therefore find it useful to refer students to the wide range of careers information available on the school website. The information is designed to help students to make an informed decision.

Check out any of the following sections:

- Post 16 & Post 18 Options
- Careers Entitlement
- Parents and carers
- Useful websites and information
- CEIAG Policy
- Provider Access Policy Statement
- Enterprise Adviser

You can also make referrals to the school's Careers Lead who will ensure students receive impartial advice & guidance.

### Q. WHAT ARE THE BENEFITS OF MAKING LINKS BETWEEN MY SUBJECT AND CAREERS?

A. Students are more engaged with subjects when they see how they relate to the real world. Linking subjects to careers and pathways can make subjects more meaningful and relevant for students.

It can also encourage students to be more aspirational and to realise that there are numerous pathways to success.

Posters making links between the subject and careers should be on display within the faculty. If you need a poster speak to the Director of Careers Education.

<https://successatschool.org/> has a range of resources that can be of help.

Utilise careers videos from [icould.com](http://icould.com) and [careersbox.co.uk](http://careersbox.co.uk) and the following websites to explore how subjects link to careers, university pathways and apprenticeships:

- Prospects – What can I do with my degree: [prospects.ac.uk](http://prospects.ac.uk)
- UCAS: [ucas.com](http://ucas.com)
- Apprenticeships: [www.gov.uk](http://www.gov.uk)
- Careers Information <https://www.eclips-online.co.uk/> has lots of LMI. You will need the password from Mrs. Sandra Jones which is also posted on the noticeboard opposite the careers room.
